ROTARY MONTHLY THEME

DECEMBER IS DISEASE PREVENTION AND TREATMENT MONTH. Rotary Clubs around the world will focus on the EFFORTS OF ROTARY WORLDWIDE IN THESE GOALS.

The Rotary Foundation helps make health care available for hundreds of orphans in Uganda. Rotary's top priority is the eradication of polio, but our members take on far greater responsibilities to fight disease. They set up health camps and training facilities in undeveloped countries and in communities struggling with HIV/AIDS and malaria. They also design and build the infrastructure for doctors, nurses, governments, and partners to reach the one in six people in the world who can't afford to pay for health care.

Disease prevention and treatment takes on many forms, from supporting studies to helping immunize people to improving drinking water and the sanitation infrastructure. The world relies on Rotary to tackle these global challenges, and to set an example for others to follow. Text taken from Rotary International Website at
